

18W LED Driver, Metal Enclosure, Male Plug, for A-GL Series Ceiling Lights

- Rated output of 18 watts for A-GL Series ceiling lights
- Metal enclosure construction for added mechanical protection
- Male plug connector for direct fixture wiring harness connection
- Backed by a 1-year manufacturer warranty
- Rated for 50,000-hour LED lifetime compatibility

OVERVIEW

The D-D18M-0.3-MALE is a replacement LED driver designed for use with A-GL Series ceiling light fixtures. Housed in a metal enclosure, it provides a durable power supply for compatible A-GL Series installations, with a male plug configuration for straightforward connection to the fixture wiring harness.

Rated at 18 watts, this driver is matched to the power requirements of the A-GL Series ceiling lights. The metal enclosure offers added protection compared to plastic-housed alternatives, suiting commercial and light industrial ceiling fixture applications. It carries a 1-year warranty and is rated for a 50,000-hour LED lifetime.
