

Dimmable Ceiling Light Driver, 6W, 120-240V AC Input, 50,000h Rated Life

- Dimmable constant-current driver for ceiling fixtures
- 6W rated output power
- 120-240V AC input voltage range
- 50,000-hour rated LED lifetime
- 1-year manufacturer warranty

OVERVIEW

The D-D7-15P-0.3 is a dimmable constant-current driver designed for ceiling light fixtures in commercial and residential applications. It converts a 120-240V AC input to a regulated low-voltage DC output for driving LED ceiling luminaires.

The driver is rated for 6W of output power and carries a 50,000-hour rated LED lifetime, supporting long-term installation in fixed ceiling applications. Dimming capability allows integration into lighting control systems where output adjustment is required.

The product is backed by a 1-year manufacturer warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
--------------	----------

ELECTRICAL

Operating Voltage	120-240 V
Wattage	6 W
Current Draw *	0.3 A

ORDERING

Warranty	1 y
----------	-----

APPLICATIONS

- Recessed ceiling downlights
- Commercial ceiling fixtures
- Residential ceiling light retrofits
- Suspended ceiling luminaires
