

Dimmer Switch, Satin Brass Finish, Vintage-Style Lighting Control

- Satin brass finish for a traditional hardware appearance
- Functions as a dimmer switch for lighting control
- Part of the RS Vintage Hardware switch collection
- Suited to both commercial and residential installations

OVERVIEW

The D-SB is a dimmer switch finished in satin brass, designed for lighting control applications where a traditional metal finish is specified. It fits vintage-style electrical hardware collections used in commercial and residential installations.

The satin brass finish provides a decorative, non-reflective surface intended to complement period-style or heritage interior design schemes while serving a functional lighting control role.
