

Vintage Brass Dimmer Switch, Traditional Wall - Mount Lighting Control

- Finished in vintage brass for traditional decor matching
- Wall - mounted dimmer switch form factor
- Suited to commercial and residential lighting control

OVERVIEW

The D-VB is a dimmer switch finished in vintage brass, intended for use in commercial and residential lighting control applications where a traditional aesthetic is required.

It is designed to control lighting fixtures from a wall - mounted position, offering a decorative alternative to standard dimmer plates for spaces where period - style hardware is specified.
