

32W DMX Moving Head Light, 360° RGB Multicolor, 110V AC

- 32W multicolor RGB moving head output
- 360° motorized pan movement for dynamic effects
- Operates via DMX control or standalone mode
- 110V AC operating voltage
- 50,000 hour rated LED lifetime
- Measures 12 × 12 × 13 in, weighs 10.5 lb

OVERVIEW

The DC-MH40RGB is a 32W DMX-controlled moving head light designed for entertainment, event, and architectural accent applications requiring dynamic color effects. The fixture supports both DMX control and standalone operation, providing flexibility for a range of installation and production environments.

The unit operates on 110V AC and produces multicolor RGB output with 360° movement capability. At 32 watts, it is suited for stage, venue, and decorative lighting where motorized pan and color mixing are required.
