

## On/Off 303 Type Inline Cable Switch, 2 A at 250 V, Black Plastic and Metal Body

- Off-on pushbutton action for single-circuit lighting control
- Rated for 2 A maximum current at 250 V maximum voltage
- Plastic and metal construction with a black body
- Protection levels of IP65, IP67 and IP68
- Rated service life of 50,000 hours in fixed installations
- Supplied with a 1-year manufacturer warranty

### OVERVIEW

The E-SW-Cable is an On/Off 303 type inline cable switch with a black body, designed for use in lighting circuits where a simple pushbutton switching solution is required. It is suited for integration into pendant, table, or floor lamp assemblies used in commercial and residential installations.

The switch is rated for a maximum current of 2 A at a maximum voltage of 250 V and uses an off-on pushbutton action. Construction combines plastic and metal components, with protection levels of IP65, IP67 and IP68.

A rated lifetime of 50,000 hours and a 1-year warranty support long-term use in fixed lighting applications.

APPLICATIONS

- Pendant lamp cord assemblies
- Table and floor lamp wiring
- Commercial luminaire cord sets
- Residential lighting circuits
- OEM fixture assembly
