

Illuminated Rectangular Seesaw Switch, On/Off, 15A 250VAC, 3-Pole

- Illuminated rectangular seesaw (rocker) design for visible switch status
- On/Off switching function rated 15A at 250VAC
- 3-pole configuration for multi-circuit control
- Operating voltage range of 120-240V
- Backed by a 1-year warranty

OVERVIEW

The E-SW-S-15A-250V is an illuminated rectangular seesaw (rocker) switch providing On/Off control in a 3-pole configuration. It suits commercial and industrial panel applications, offering visual indication of circuit state through built-in illumination for control panels, machinery, and electrical enclosures where switch status must be readily identifiable.

This switch is rated at 15A and 250VAC, supporting 3-pole switching for multi-circuit control requirements, with an operating voltage range of 120-240V and a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime50,000 h

ELECTRICAL

Operating Voltage120-240 V

Maximum Current15 A

Device TypeSeesaw (rocker) switch

ORDERING

Warranty1 y

APPLICATIONS

- Control panels
- Industrial machinery enclosures
- Electrical distribution panels
- Equipment power switching
- Panel-mounted circuit control
