

Toggle Switch, On/Off, 2-Pin, 6A
125VAC

- 2-pin on/off toggle configuration for manual circuit control
- Rated for 6A at 125VAC load switching
- Suitable for commercial and light industrial installations
- Rated component lifetime of 50,000 hours
- Backed by a 1-year manufacturer warranty

OVERVIEW

The E-SW-Toggle-2P is a 2-pin on/off toggle switch intended for use in lighting control circuits, electrical panels, and general-purpose switching applications where a simple, reliable manual control is required. This switch is rated for 6A at 125VAC, making it suitable for low-to-medium load switching in commercial and light industrial installations. Backed by a 1-year warranty.
