

Aluminum Ruler, 99 in. Length — 2 - 3/8 in. Wide, 1 in. High

- 99-inch overall length for extended straight-edge layout work
- 2 - 3/8 in. wide by 1 in. high aluminum profile for a stable footprint
- Constructed from aluminum for wear and corrosion resistance
- Graduated markings run the full length for repeatable measurement
- Backed by a 1-year warranty

OVERVIEW

The EQ-RULER99 is a 99-inch aluminum ruler designed for applications requiring extended straight-edge measurement, line drawing, and angle layout. At 2 - 3/8 inches wide and 1 inch high, it provides a stable footprint suitable for use on large work surfaces, drawing tables, or job-site layouts.

Constructed from aluminum, the ruler offers resistance to wear and corrosion over extended use. Clear graduated markings are provided along the full length for consistent, repeatable measurement across professional and technical applications.

The product is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL
