

Electric Board Saw with Aluminum Table, 25 x 25 cm, 180W, 220V AC

- Aluminum cutting table measuring 25 × 25 cm
 - Operates on 220V AC power supply
 - Draws 180W during operation
- Integrated blade guard for operator safety
 - Safety switch prevents accidental startup
 - Adjustable cutting depth for varied material thickness

OVERVIEW

The EQ-SAW-600A is an electric board saw featuring a 25 × 25 cm aluminum table, designed for precise cutting of various materials in professional and light industrial applications. The aluminum table surface supports consistent, repeatable cuts across board stock and similar workpieces.

The saw operates on 220V AC and draws 180W. It includes a blade guard and safety switch for operator protection, and offers adjustable cutting depth for versatility across different material thicknesses. The unit is compact and lightweight, facilitating transport between job sites.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
--------------	----------

ELECTRICAL

Operating Voltage	220 V
Wattage	180 W

MECHANICAL

Product Dimensions	25 × 25 cm
Material	aluminum

ORDERING

Warranty	1 y
----------	-----

APPLICATIONS

- Sign shop board cutting stations
- Light industrial fabrication workshops
- Small-scale material processing benches
- Mobile job site cutting setups
