

LED Flood Light, 10W Warm White, 120-240VAC Input, IP65 Rated

- Rated at 10 watts for exterior flood lighting duty
- Operates on 120-240VAC input voltage range
- IP65 ingress protection for outdoor exposed installations
- 50,000-hour rated LED lifetime for reduced maintenance cycles
- 1-year manufacturer warranty coverage

OVERVIEW

The F-100WW-E is a warm white LED flood light designed for commercial and industrial exterior lighting applications, including building facades, parking areas, loading docks, and perimeter security lighting. This fixture operates on a 120-240VAC input, making it compatible with standard supply voltages without requiring additional transformers or drivers. The IP65 ingress protection rating confirms the housing is dust-tight and protected against low-pressure water jets, suitable for exposed outdoor installations. The unit is rated for a 50,000-hour LED lifetime and carries a 1-year warranty.
