

200W LED Flood Light, 5000K, IP65, 120-277V Input

- 200W power draw for high-intensity area illumination
- 5000K color temperature for daylight-quality visibility
- IP65-rated enclosure resists water and dust ingress
- 120-277VAC input accommodates varied electrical systems
- 50,000-hour rated LED lifespan reduces maintenance frequency
- 1-year manufacturer warranty included

OVERVIEW

The F-200W-UL is a 200W LED flood light designed for large-scale indoor and outdoor applications, including warehouses, parking lots, and expansive commercial spaces requiring broad, high-intensity illumination. Operating on 120-277VAC input, the fixture accommodates a wide range of electrical systems. Its IP65-rated enclosure provides resistance to water and dust ingress, supporting reliable performance in demanding or exposed environments. The 5000K color temperature delivers a cool, daylight-quality output suited to visibility-critical applications, and the LED source is rated for 50,000 hours of service life.

SPECIFICATIONS

OPTICAL

Color Temperature	5,000 K
LED Lifetime	50,000 h

ELECTRICAL

Operating Voltage	120-277 V
Wattage	200 W

ENVIRONMENTAL

IP Rating	IP65
-----------	------

ORDERING

Warranty	1 y
----------	-----

APPLICATIONS

- Warehouse and distribution center lighting
- Outdoor parking lot illumination
- Commercial building perimeter lighting
- Industrial yard and loading dock lighting
