

LED Flood Light 80W Warm White 3500K IP65 Rated Outdoor Fixture

- 80W LED flood light for outdoor commercial and residential use
- 3500K warm white color temperature for a neutral light output
- Operates on 120-240VAC input for broad electrical compatibility
- IP65 rated for dust and water resistance in exterior settings
- Rated for 50,000 hour LED lifetime
- Backed by a 1 year warranty

OVERVIEW

The F-70WW is an 80W LED flood light designed for outdoor illumination in commercial and residential applications, including building facades, parking lots, and landscape lighting. Its 3500K warm white color temperature provides a neutral, inviting output suited to a range of exterior environments.

The fixture operates on an input voltage range of 120-240VAC, making it compatible with most standard electrical systems, and is rated for a 50,000 hour LED lifetime. An IP65 ingress protection rating provides resistance to dust and water ingress, supporting reliable performance in exposed outdoor installations.

The fixture is backed by a 1 year warranty.
