

Wireless Remote Control for BK Series RGB Flood Lights, Color and Brightness Control, 1-Year Warranty

- Handheld wireless controller for BK Series RGB flood lights
- Color changing and brightness adjustment from a single handset
- Compatible with 20 W, 30 W and 50 W BK Series RGB models
- Works with fixtures operating on AC 100-130 V input
- Batteries not included; quality batteries recommended
- Backed by a 1-year warranty

OVERVIEW

The RGB Flood Light Remote Control is designed for use with the BK Series RGB flood lights, providing wireless operation without the need for manual adjustments at the fixture. It suits contractors and property managers commissioning or operating color-changing floodlighting in factories, warehouses, exhibition halls and similar facilities.

The remote supports color changing and brightness adjustment across the BK Series RGB range, covering the 20 W, 30 W and 50 W models operating on AC 100-130 V. Batteries are not included; quality batteries are recommended for reliable transmission range.

The remote is covered by a 1-year warranty.

SPECIFICATIONS

OPTICAL

CRI	80
Beam Angle	120°
LED Lifetime	50,000 h

MECHANICAL

Product Dimensions	320*175*440mm
Weight	15.43 lb
