

Trunnion Bracket Mount for 75W LED Area Light

OVERVIEW

The F-S75W-TR is a trunnion bracket mount designed for use with the F-S75W-3CCT-UL 75W LED area light. It provides an adjustable mounting solution for pole or surface applications where a standard slip-fitter or direct-mount configuration is not suitable.

The bracket is fabricated from SGCC galvanized sheet steel at 2mm thickness, with overall dimensions of 73 x 40 x 36mm. The mounting surface accepts a 23mm diameter entry and includes two 5.3mm mounting holes and seven 4.3mm hardware holes. The exterior finish is RAL9017 outdoor powder coat applied at 80–150 microns, rated for temperatures from -40°C to 120°C and tested for salt spray resistance, making it suitable for exposed exterior installations.

SPECIFICATIONS

Dimensions	73 x 40 x 36 mm mm	Operating temp	-40 to 120 °C
