

## U Bracket Mount for 75W Flood Light

### OVERVIEW

---

The F-S75W-UB is a U-bracket mounting accessory designed specifically for the F-S75W-3CCT-UL 75W flood light. It provides a secure, adjustable mounting solution for positioning the fixture on poles, walls, or structural supports in commercial and industrial outdoor lighting applications.

Constructed from galvanized sheet steel (SGCC) with a nominal thickness of 2.5mm, the bracket measures 212.5 x 105 x 22mm. The exterior finish is an outdoor-rated powder coat (RAL9017) applied at 80–150 microns, rated for heat resistance from -40°C to 120°C and tested for salt spray resistance, making it suitable for demanding outdoor environments.
