

American Coastal Collection End Cap, 2 in. Wide, 7 ft. Length

- End cap trim for American Coastal Collection channel or casing profiles
- 2 in. width matches Coastal Collection profile dimensions
- 7 ft. length suitable for standard run terminations
- Provides a finished edge closure at profile ends

OVERVIEW

The American Coastal Collection End Cap is a finishing trim component that provides a clean termination for American Coastal Collection channel or casing profiles. It is used in commercial and architectural installations where a closed, finished edge is required at the end of a run.
