

Canyon Ranch Collection Reducer, 2 in. Wide x 7 ft. Long

- Width measures 2 in. for standard threshold coverage
- Length measures 7 ft. for continuous transition runs
- Provides finished edge between flooring surfaces of differing heights
- Part of the Canyon Ranch Collection accessory line

OVERVIEW

The Canyon Ranch Collection Reducer is a transition molding strip measuring 2 in. wide by 7 ft. long, designed to provide a finished edge between flooring surfaces of differing heights or materials.

It is suited for commercial and residential threshold applications where a clean, professional transition between flooring surfaces is required.
