

Canyon Ranch Collection T - Molding, 2 in. Wide x 7 ft. Length

- Transition profile width of 2 in
- Overall length of 7 ft. per piece
- Designed for use at doorways and room transitions
- Coordinates with Canyon Ranch Collection flooring

OVERVIEW

The Canyon Ranch Collection T-Molding is a transition strip designed to provide a finished edge between two hard - surface flooring sections, such as at doorways or room transitions. At 2 in. wide and 7 ft. in length, it is sized for standard residential and light commercial flooring installations where a clean, coordinated seam is required.
