- Panel dimensions of 0.625 ft x 6.33 ft simplify layout planning
- Covers 19.43 sqft per box for streamlined material estimation
- St. Tropez finish delivers a European Oak hardwood appearance
- Rated IP20 and classified Non - Waterproof for dry indoor use

OVERVIEW

The FL-EO-ST.TROPEZ is a Wood Polymer Composite (WPC) flooring panel from the Hermitage European Oak Collection, finished in St. Tropez for interior installations where dimensional stability and a hardwood aesthetic are required.

Each panel measures 0.625 ft by 6.33 ft with a 6mm profile, and each box covers approximately 19.43 square feet, simplifying quantity takeoffs for commercial and residential flooring projects. The panel carries an IP20 ingress rating and is classified Non - Waterproof, indicating suitability for dry interior environments only.
