

European Oak T-Molding Transition Strip, 2 in. Wide x 7 ft. Length

- Part of the Hermitage European Oak Collection flooring accessory line
- Measures 2 in. wide for standard transition coverage
- 7 ft. length spans typical doorway and room transition widths
- T-shaped profile bridges two hard floor surfaces of equal height

OVERVIEW

The FL-EO-T-Molding is a T-molding transition strip from the Hermitage European Oak Collection, designed to provide a finished edge between two hard floor surfaces of equal height. At 2 in. wide and 7 ft. in length, it is suited for doorways, room transitions, and other flooring junctions where a clean, consistent profile is required.

SPECIFICATIONS
