- Cannes finish for consistent surface appearance
- Plank dimensions of 0.79 ft x 6 ft at 12mm thickness
- Waterproof environmental rating suited for moisture-prone areas
- IP40 ingress protection rating
- Weighs 50 lb per unit

OVERVIEW

The FL-FRW-Cannes is a Wood Polymer Composite (WPC) waterproof flooring plank from the French Riviera Waterproof Collection, finished in Cannes. It is suited for commercial and residential interior applications where moisture resistance is required, including areas subject to humidity or incidental water exposure.

Each plank measures 0.79 ft in width by 6 ft in length at 12mm thickness, providing a consistent format for professional installation. The WPC construction offers dimensional stability and resistance to warping, and the flooring carries a waterproof environmental rating with an IP40 rating.
