

French Riviera End Cap, 2 in. Wide, 7 ft. Length

- End cap sized for 2 in. wide French Riviera channel
- Supplied in 7 ft. lengths for coverage of extended runs
- Closes exposed channel ends for a finished appearance
- Compatible with French Riviera extrusion and trim systems

OVERVIEW

The French Riviera End Cap is a finishing component designed to close off the open ends of French Riviera channel or extrusion runs. At 2 in. wide and 7 ft. in length, it provides a clean, professional termination for sign faces, display frames, or architectural trim applications where exposed edges require a consistent, finished appearance.
