

French Riviera Waterproof WPC Flooring,
Etretat Cliff Finish, 12mm Thickness,
0.79 x 6 ft

- Constructed from Wood Polymer Composite (WPC) material
- Etretat Cliff finish for a natural exterior aesthetic
- Board dimensions of 0.79 ft x 6 ft
- Rated waterproof for exterior and wet-area use
- IP40 rating for solid particle ingress protection
- Weighs 50 lb per board

OVERVIEW

The FL-FRW-EtretatCliff is part of the French Riviera Waterproof Collection, a Wood Polymer Composite (WPC) flooring board built for outdoor and commercial applications. The Etretat Cliff finish provides a natural stone-inspired appearance suited to patios, walkways, pool decks, and similar exterior installations.

Each board measures approximately 0.79 ft wide by 6 ft long at 12mm thickness, with a listed weight of 50 lb. The board carries a waterproof environmental rating along with an IP40 rating, indicating protection against solid particle ingress for covered or semi-exposed environments.

SPECIFICATIONS
