

WPC Waterproof Flooring Plank, Sugiton
Finish, 12mm Thick, 0.79x5 ft

- Constructed of Wood Polymer Composite (WPC) core material
- Waterproof environmental rating suited for moisture-prone areas
- IP40 ingress protection rating
- Sugiton finish for consistent surface appearance
- Plank dimensions of 0.79 ft x 5 ft
- Unit weight of 50 lb per plank

OVERVIEW

This is a waterproof flooring plank from the French Riviera collection, constructed of Wood Polymer Composite (WPC) and finished in Sugiton. It is suited for residential and commercial interiors where moisture resistance is a priority, such as kitchens, bathrooms, and entryways.

Each plank measures 0.79 ft by 5 ft and carries an IP40 environmental rating along with a waterproof classification, supporting use in areas subject to spills or humidity. Plank weight is 50 lb per unit, reflecting the density of the WPC core construction.
