

Innova LVT Collection End Cap, 2 in. Wide, 7 ft. Length

- Designed as a finishing trim for LVT flooring systems
- Measures 2 in. in width for edge coverage
- 7 ft. length suited for standard flooring transitions
- Provides a clean termination point at flooring edges

OVERVIEW

The Innova LVT Collection End Cap is a finishing trim component used to provide a clean termination edge for LVT (Luxury Vinyl Tile) flooring installations. It is intended for use where flooring meets a threshold, doorway or transition point requiring a finished edge.

The end cap measures 2 in. wide and 7 ft. in length, suitable for commercial and light industrial flooring applications where a defined edge transition is needed.

SPECIFICATIONS

MECHANICAL
