

Innova SPC Collection End Cap, 2 in. Wide, 7 ft. Length

- Width of 2 in. for standard SPC flooring edge coverage
- Length of 7 ft. to span typical flooring transition runs
- Designed specifically for the Innova SPC Collection vinyl flooring line
- Functions as a finishing trim at flooring edges and transitions

OVERVIEW

The Innova SPC Collection End Cap is a finishing trim component designed to provide a clean termination for SPC collection vinyl flooring installations. It is used to close out exposed edges where flooring transitions require a finished appearance. The end cap measures 2 in. wide and 7 ft. in length, sized to match standard SPC flooring runs in commercial and residential settings.
