

SPC Vinyl Flooring Sandpoint, 5.5mm Thickness, 20mil Wear Layer, 26.18 sq ft per Box

- 5.5mm overall thickness with 20mil (0.5mm) wear layer
- Wood Polymer Composite (WPC) core construction
- Covers 26.18 sq ft per box, plank size 0.74 × 5 ft
- Box weight of 46 lb for handling and logistics planning
- IP20 rated, Non-Waterproof environmental classification
- Sandpoint finish for interior decorative applications

OVERVIEW

The Innova SPC Collection Sandpoint is a Stone Polymer Composite vinyl flooring product for interior commercial and residential applications where dimensional stability and durability are priorities. It has a 5.5mm profile with a 20mil wear layer and covers 26.18 square feet per box, with each plank measuring 0.74 × 5 ft.

Constructed with a Wood Polymer Composite (WPC) core, this flooring is built to resist warping in interior environments, though it carries a Non-Waterproof rating and an IP20 ingress protection rating. Each box weighs 46 lb, supporting standard interior installation logistics.
