

SPC Herringbone Vinyl Plank, Howell Mountain, 5.5mm Thickness, 20mil Wear Layer

- Herringbone plank format with 0.41 × 2.46 ft dimensions per unit
- 5.5mm overall plank thickness for dimensional stability
- 0.5mm (20mil) wear layer for surface durability
- Wood Polymer Composite (WPC) core construction
- IP20 environmental rating, classified as non - waterproof
- Howell Mountain finish for diagonal pattern flooring designs

OVERVIEW

The Innova SPC Herringbone Collection (Howell Mountain) is a wood polymer composite vinyl plank flooring product designed for commercial and residential interior applications where dimensional stability and pattern detail are priorities. The herringbone format provides a classic diagonal lay pattern suited to high-traffic floor installations. Each plank measures 0.41 ft by 2.46 ft and weighs 40 lb per box, with a 5.5mm overall thickness and a 0.5mm (20mil) wear layer for surface durability. The product carries an IP20 environmental rating and is classified as non - waterproof, indicating suitability for dry interior spaces rather than wet-area installations.
