

Innova SPC Herringbone T-Molding, 2 in. Wide x 7 ft. Length

- Width measures 2 in. for standard transition coverage
- Length measures 7 ft. to span typical doorway widths
- T-shaped profile designed for flush transitions between floor surfaces
- Matched to Innova SPC herringbone flooring for consistent appearance

OVERVIEW

The Innova SPC Herringbone T-Molding is a transition strip designed to provide a clean, finished edge between flooring surfaces or at doorway thresholds. It is intended for use with Innova SPC herringbone flooring installations.

The molding measures 2 in. wide and 7 ft. in length, sized to span standard doorway and room transition widths without additional cutting in most applications.
