

Innova WPC Square Stairnose Molding, 3.5 in Width, 7 ft Length

- Square profile stairnose molding for WPC flooring transitions
- 3.5 in. width fits standard stair edge nosing applications
- 7 ft. length per piece for coverage across typical stair runs
- Part of the Innova WPC Collection trim and molding line

OVERVIEW

The Innova WPC Square Stairnose Molding is a finish trim piece used to cap and protect stair edges where WPC flooring transitions to a step nosing. It provides a clean, squared profile consistent with the Innova WPC Collection aesthetic.

Each piece measures 3.5 in. wide and 7 ft. in length, sized for standard stair edge applications across the Innova WPC flooring line.

SPECIFICATIONS

MECHANICAL

Length	7 m 23.0 ft
