

Innova WPC Collection T-Molding, 2 in. Wide x 7 ft. Length

- 2 in. wide profile for standard flooring transitions
- 7 ft. length per piece for extended coverage
- Suited for commercial and residential installations
- Provides a finished seam between adjoining floor sections

OVERVIEW

The Innova WPC Collection T-Molding is a transition strip designed to provide a clean, finished edge between flooring surfaces. It bridges adjoining floor sections at doorways and room transitions where differing floor heights or materials meet. Measuring 2 in. wide and 7 ft. in length, the molding is sized for standard transition applications in both commercial and residential installations, providing a consistent seam profile across the run.
