

Opus American Walnut Collection End Cap, 2 in. Wide x 7 ft

- Part of the Opus American Walnut Collection trim system
- 2 in. wide profile for consistent edge alignment
- 7 ft length for standard linear profile runs
- Functions as a termination point for compatible trim

OVERVIEW

The FL-OAW-End-Cap is an end cap component designed for use with the Opus American Walnut Collection, providing a finished termination point for compatible linear profiles or trim systems. At 2 in. wide and 7 ft in length, it is suited for commercial interior applications where a clean, consistent edge detail is required.
