

Opus European Oak Collection Quarter Round Molding, 0.75 in. x 7 ft.

- Quarter round profile for finishing floor-to-wall transitions
- 0.75 in. width fits standard baseboard reveal gaps
- 7 ft. length piece reduces the number of seams per wall run
- Part of the Opus European Oak Collection trim line

OVERVIEW

The Opus European Oak Collection Quarter Round Molding is a 0.75 in. wide, 7 ft. length trim piece designed to provide a finished transition between flooring and vertical surfaces such as baseboards or walls. It is suited for use in residential and light commercial flooring installations where a clean, consistent edge profile is required. The quarter round profile conceals expansion gaps along the perimeter of a room while maintaining a smooth visual line between floor and wall surfaces.
