

Chrome Grommet #24 — 17mm Opening, 1000-Piece Pack

- Chrome finish for a clean, professional appearance
- 10mm panel hole fit
- 17mm opening diameter
- Packaged in 1,000-piece quantity
- 1-year warranty

OVERVIEW

The GR24 is a #24 chrome grommet designed for use in panel fabrication, wire management, and sign installations where a finished edge is required around cable or conduit pass-throughs. The chrome finish suits applications requiring a clean, professional appearance on metal panels, enclosures, or signage substrates.

Each grommet provides a 10mm panel hole fit with a 17mm opening diameter. This SKU is packaged in a 1,000-piece quantity, making it suitable for contractors and installers managing volume installations.

The GR24 carries a 1-year warranty.
