OVERVIEW

The K-R2W is a compact 2W LED light designed for low-voltage kitchen applications, particularly under-cabinet and small-space installations where a slim profile and minimal footprint are required.

Operating at 12V DC and drawing only 2 watts, this fixture delivers a 5000K daylight white output suited for task lighting in food preparation and work surface areas. The aluminum construction supports heat dissipation and durability in everyday use, with a 120° beam angle providing broad surface coverage and an 80 CRI for accurate color rendering.

The fixture carries a 1-year warranty.
