- Operates on 120VAC at 20W power draw
- LED lifetime rated at 50,000 hours
- Integrated on/off switch for simple operation
- Mounts to a wall or stands freestanding

OVERVIEW

The LBS2416 Slim Light Box is a wall-mounted or freestanding illuminated display panel measuring 24 in x 16 in, with an active illuminated area of 21.5 in x 13.5 in. It is suited for advertising, retail displays, photography backdrops, and artistic presentations where consistent, even front illumination is required.

The unit operates on 120VAC at 20W, delivering bright, uniform light across the translucent panel surface. Illumination is designed to accurately render colors and detail across the display area. An integrated on/off switch is included for straightforward operation. LED lifetime is rated at 50,000 hours.

The product carries a 1-year limited warranty.
