- Front-open frame design for quick graphic swaps
- 42 in x 28 in display area
- Operates on 120VAC, drawing 26 watts total
- Powered by two 13-watt light sources
- Rated for a 50,000-hour light source lifetime
- Backed by a 1-year warranty

OVERVIEW

The LBS4228CP is a slim, front-open frame light box measuring 42 in x 28 in, designed for backlit graphic display applications. The front-access frame allows for straightforward installation and quick graphic changes without removing the fixture from the wall, making it well suited for retail stores, restaurants, trade shows, and similar commercial environments.

The unit operates on 120VAC and draws 26 watts total, supplied by two 13-watt light sources rated for a 50,000-hour lifetime. The slim profile and durable construction are intended to protect displayed graphics while maintaining a clean, low-profile appearance on the wall.

The product carries a 1-year warranty.
