- Overall dimensions of 13 × 10 inches with a 10 × 7 inch image area
- Clear acrylic face panel set in an aluminum frame
- Accepts 100-240VAC input for global electrical compatibility
- LED light source rated for 50,000 hours of operation
- Backed by a 1-year limited warranty

OVERVIEW

The LBSC1310L is a slim-profile LED light box with a clear acrylic face and aluminum frame, measuring 13 × 10 inches overall with a 10 × 7 inch usable image area. It suits advertising displays, retail environments, trade shows, and wall- or tabletop-mounted signage applications requiring backlit graphic presentation. The unit accepts 100-240VAC input for compatibility across North American and international electrical supplies, and the internal LEDs carry a rated lifetime of 50,000 hours. The product is backed by a 1-year limited warranty.
