

Clear Acrylic Slim LED Light Box, 27 x 20 in., 100-240VAC

- Clear acrylic construction for durability and visibility
- Slim 0.4 in. profile for low-clearance mounting
- 27 in. wide by 20 in. tall display area
- Operates on 100-240VAC input for broad compatibility
- LED illumination rated for 50,000 hours lifetime
- Backed by a 1-year warranty

OVERVIEW

The LBSC2720L is a slim-profile LED light box constructed with clear acrylic, measuring 27 inches wide by 20 inches tall at 0.4 inches thick. It is designed for professional advertising, informational display, and signage applications where a low-profile, illuminated presentation is required.

The unit operates on a 100-240VAC input, providing broad compatibility with standard electrical systems. LED illumination delivers energy-efficient, uniform backlighting suited for retail, commercial, and institutional environments and is rated for 50,000 hours of LED lifetime.

The product is backed by a 1-year warranty.
