

Pico Smart Remote Control for Caseta Smart Dimmer Switch, White, Wireless, 1-Year Warranty

- Wireless handheld remote for Lutron Caseta smart dimmer switches
- Multiple buttons for brightness adjustment and on/off control
- Controls multiple Caseta-compatible dimmers from one remote
- Supports custom scene creation for lighting management
- Backed by a 1-year manufacturer warranty
- White finish for a compact, discreet handheld design

OVERVIEW

The Lutron Pico Smart Remote Control (PJ2-3BRL-WH-L01R) is a wireless handheld remote designed for use with the Lutron Caseta smart lighting system. It provides on/off and brightness dimming control of compatible Caseta dimmer switches and devices from anywhere within the home or facility.

The remote features multiple buttons for brightness adjustment and scene control, and supports operation of multiple Caseta-compatible dimmers from a single unit. Advanced wireless technology enables reliable, low-latency communication with the Caseta system. Setup is straightforward, and the remote supports customized scene configuration for flexible lighting management.

The unit carries a 1-year warranty.
