

Silicone End Caps for 10mm COB
Waterproof LED Strip, IP65, 5-Pack

- Silicone construction for durable, flexible sealing
- IP65 rated to resist water spray and humidity
- Sized for 10mm PCB COB waterproof LED strip
- Sold in packs of 5 end caps
- CE certified
- 2-year warranty coverage

OVERVIEW

Silicone end caps designed for use with the M-H-COB-110V 10mm PCB waterproof COB LED strip. These caps seal the open ends of the strip to maintain the assembly's waterproof integrity, protecting internal components from moisture and contaminants in wet or damp installation environments.

Constructed from silicone, the end caps are rated IP65, making them suitable for applications where the strip may be exposed to water spray or high-humidity conditions.

Backed by a 2-year warranty and CE certified.
