

Strip-to-Strip Transparent Connector for 2-Pin 10mm COB Waterproof LED Strip, 5-Pack

- Solderless strip-to-strip connection, no wire required
- Fits 2-pin 10mm PCB COB LED strip only
- Silicone construction for flexible, waterproof junctions
- IP65-rated compatibility for outdoor and wet-location strips
- Sold in a 5-piece pack
- CE certified, 2-year warranty

OVERVIEW

The M-H-COB-Z-STs is a strip-to-strip transparent connector designed for 2-pin, 10mm PCB COB waterproof LED strip lights. It provides a direct, solderless connection between two strip segments without the use of intermediate wire, maintaining a clean inline profile suited for continuous-run installations.

Constructed from silicone, the connector is compatible with IP65-rated COB strip assemblies and is intended for use in waterproof strip light applications where maintaining environmental integrity at the junction point is required.

Supplied in a 5-piece pack and backed by a 2-year warranty, with CE certification.

SPECIFICATIONS

OPTICAL

LED Lifetime	50,000 h
