

End Cap for HL Series Rope Light, Termination Accessory

- Fits HL series rope light ends for a secure termination
- Seals against dust, dirt, and moisture ingress
- Tool-free installation for quick field assembly
- Provides a clean, finished appearance at rope terminations
- Backed by a 1-year warranty

OVERVIEW

The End Cap for HL Series Rope Light is a termination accessory designed to seal the open ends of HL rope light runs. It provides protection against dust, dirt, and moisture ingress while delivering a clean, finished appearance at rope light terminations.

The cap installs directly onto HL series rope lights with a straightforward fit, requiring minimal effort and no specialized tools. Its design supports long-term system integrity by protecting the exposed end of the rope light from environmental contaminants.
