

10mm Clip Mount for 2835 Series LED Strip, 10-Piece Pack

- Sized for 10mm-thick strips and components
- Compatible with 2835 series LED strip installations
- Supplied in packs of 10 clips per bag
- Compact, low-profile design for clean cable runs
- Backed by a 1-year warranty

OVERVIEW

The M-HR-Z-10mm-CLIP is a mounting clip designed for use with 2835 series LED strip installations. It secures components with a 10mm thickness, keeping strips and associated wiring in place and preventing unwanted movement during and after installation.

The clip features a compact, low-profile design suited for professional installations where a clean, organized appearance is required. It is applicable across a range of cable and wire management tasks involving small components of compatible thickness, and is supplied in packs of 10 pieces.

The product is backed by a 1-year warranty.
