OVERVIEW

The M-HR-Z-10mm-CNT4 is a 4-pin, two-end connector designed for use with M-HR-2835 Series LED strip lights. It is compatible with 10mm wide LED strips and provides a secure, stable connection at both ends of the strip run, making it suitable for a range of commercial and architectural lighting installations.

The connector is constructed for reliable power transmission and consistent electrical contact, supporting seamless integration into LED strip assemblies. Its low-profile design allows for clean, unobtrusive installations across various project types.

The connector carries a 1-year warranty and is rated for use with LED strips having a 50,000-hour lifetime.
