

90-Degree 4-Pin L Corner Connector for RGB AC 120V LED Strip

- 90-degree L-shaped corner design for directional turns
- 4-pin configuration for RGB strip connections
- Rated for AC 120V RGB LED strip systems
- Solderless connection eliminates wire splicing at corners

OVERVIEW

The M-HR-Z-10mm-RGB-CNT90 is a 90-degree 4-pin L-shaped corner connector designed for use with RGB AC 120V LED strip lighting. It provides a solderless method of joining two strip segments at a right angle, suitable for installations that require directional changes at corners without cutting or splicing wire.

SPECIFICATIONS

ELECTRICAL

Operating Voltage	120 V
Input Connection Type	4-pin

APPLICATIONS

- Perimeter lighting corners
- Cove lighting installations
- Signage and channel letter corners
- Architectural strip lighting runs
