

90-Degree 4-Pin L Corner Connector for RGB AC 120V LED Strip, 10mm

- 90-degree L-shaped corner configuration for right-angle transitions
- 4-pin connection for RGB signal and power continuity
- Designed for 10mm-wide RGB strip format
- Compatible with AC 120V RGB LED strip systems
- Eliminates need for cutting or splicing wire at corners

OVERVIEW

The M-HRN-Z-10mm-RGB-CNT90 is a 90-degree 4-pin L-shaped corner connector designed for use with RGB AC 120V LED strip lighting. It provides a clean, low-profile method of changing strip direction at right angles without cutting or splicing wire.

This connector is suitable for perimeter lighting, cove installations, and other applications where a precise corner transition is required in 10mm-wide RGB AC 120V strip runs.

SPECIFICATIONS

ELECTRICAL

Operating Voltage	120 V
Input Connection Type	4-pin

MECHANICAL

Strip Width	10 mm 0.39 in
-------------	------------------

APPLICATIONS

- Perimeter lighting corners
- Cove lighting transitions
- Architectural trim corners
- Signage border corners
