

- ### 10mm 4 - Pin Connector for RGB Rope Light
- Sized for 10mm strip width RGB rope light
 - 4 - pin configuration supports independent red, green, and blue control
 - Rated for use with LED rope light rated to 50,000 hour LED lifetime
 - Backed by a 1 - year warranty

OVERVIEW

The M-HZ-CNT-RGB-10mm is a 10mm 4 - pin connector designed for use with RGB rope light installations. It provides a reliable termination or joining point for 10mm RGB rope light runs, accommodating the four conductors required for independent red, green, and blue channel control.

The connector is sized specifically for 10mm strip width, ensuring a proper mechanical fit and secure electrical contact across all four conductors used in RGB signal control.

The connector is backed by a 1 - year warranty, and the associated rope light system carries a rated LED lifetime of 50,000 hours.
