

10mm Mounting Clip for 120-Chip/m Rope Lights, Rigid Design

- Rigid clip construction for fixed, stable mounting points
- Sized for 10mm rope light profiles
- Compatible with 120-chip/m LED rope light density
- Supports rope lights rated for 50,000-hour LED lifetime
- Backed by 1-year warranty

OVERVIEW

The M-HZ-Clip-10mm is a rigid mounting clip designed for 10mm rope lights with a density of 120 chips per meter. It provides a secure, fixed attachment point for routing and securing rope light runs along surfaces, channels, or structural elements in commercial and residential installations.

The clip is built to accommodate rope light assemblies rated for a 50,000-hour LED lifetime, supporting long-term installation stability without frequent reattachment or maintenance.

The product is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Density	120 LEDs/m
LED Lifetime	50,000 h

MECHANICAL

Strip Width	10 mm 0.39 in
-------------	------------------
